Dear all

Just want to say that you can try to upload text and images (have to be low res) on to the web board of the website.

You click on "WEBBOARD" and will get all the topics. Select "Notes from Boonbandarn, Womanifesto Residency 2008". I have already posted Mae Pan's statement. Scroll down and you will get a field that says "Opinion" and then place to put your name etc.

Please do respond. I am still waiting for Redlab to re design the site so we can do a full upload of material from the residency. But for now, it will be good to fill the web board.

Cheers!

Varsha
